SPONSOR PROSPECTUS

We are thrilled to announce the 1st Congress of the “Gruppo Interdivisionale di Chimica per l’Accumulo e la Conversione Elettrochimica dell’Energia” (ACee) of the “Società Chimica Italiana” (SCI), in joint collaboration with the “Italian Group for Electrochemical Energy Storage” (GISEL). The conference takes place in Padua from July 21st to 23rd, 2025. This event will bring together researchers, industry leaders, and policymakers to discuss the latest advancements in electrochemical energy storage and conversion. Topics will include the development of innovative materials, devices, and prototypes, as well as strategies for scaling up technologies and recycling critical elements like Li, Co, Pt and Ni. Special attention will be given to energy storage solutions such as batteries and supercapacitors, along with hydrogen technologies like electrolyzers and fuel cells, highlighting their role in a sustainable energy future.

Join us in Padua for an inspiring exchange of ideas at the crossroads of science, technology, and innovation

Why Your Company Should Sponsor ACee-GISEL 2025

ACee-GISEL 2025 is the premier event for electrochemical energy storage and conversion, bringing together world-class scientists, industry pioneers, and policymakers to drive the future of sustainable energy. From cutting-edge materials to breakthrough technologies, this congress will set the stage for the next generation of energy solutions.

📌 Expected attendees: 300 leading experts from industry and academia.

Showcase Your Leadership in Innovation

Align your brand with cutting-edge research and technological breakthroughs in electrochemical energy storage and conversion. Your presence will highlight your commitment to innovation and sustainability.

Connect with Key Industry Stakeholders

Gain direct access to a highly qualified audience of industry leaders, academic experts, and institutional decision-makers. This congress is a unique opportunity to forge strategic partnerships and expand your business network.

Influence the Future of Energy Technologies

Be at the forefront of discussions that will shape the next generation of energy solutions. Showcase your products, services, and expertise in areas like batteries, supercapacitors, electrolyzers, and fuel cells, contributing to the global transition toward sustainable energy.

Gain Visibility in a Targeted Market

Your brand will be prominently featured across all event materials, including digital platforms, printed programs, and on-site signage—ensuring maximum exposure to an influential audience from both academia and industry.

Support Scientific Progress and Sustainability

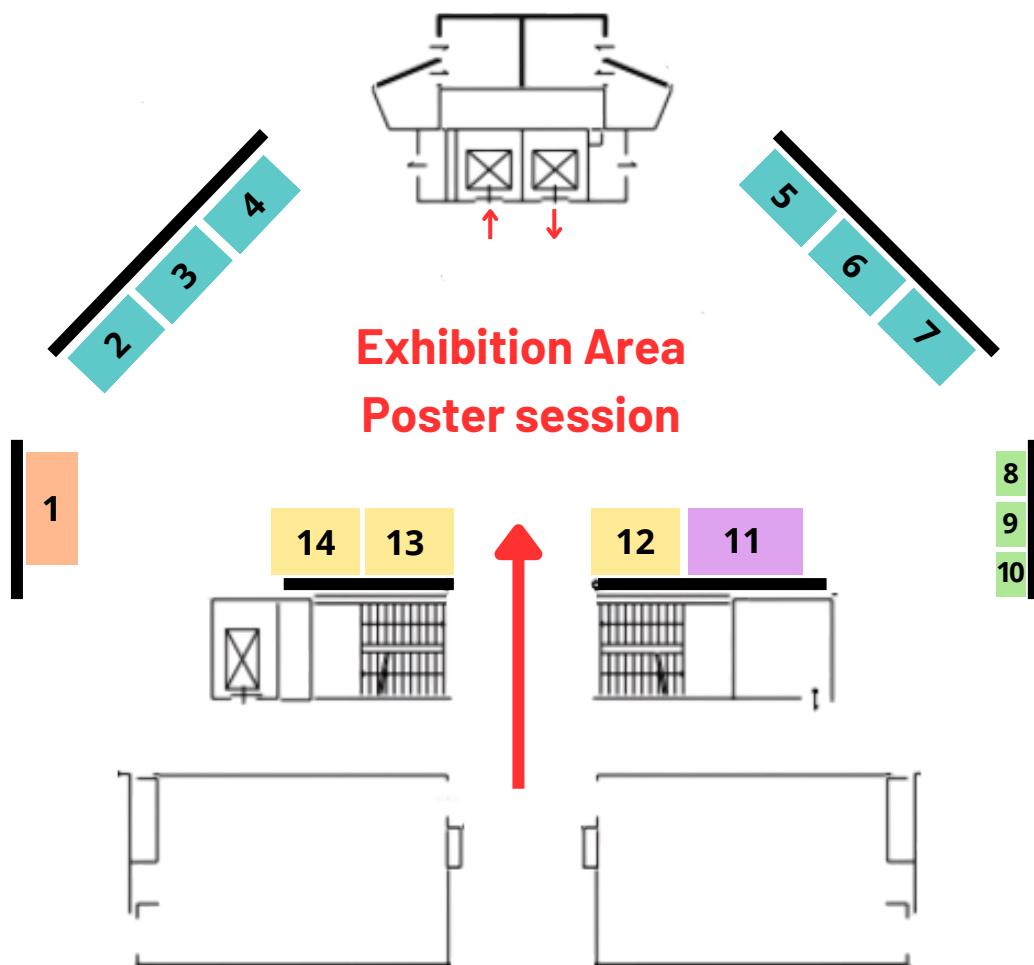

By sponsoring ACee-GISEL 2025, you support groundbreaking research in critical areas such as materials innovation, technology scaling, and recycling of elements like lithium, cobalt, platinum, and nickel—contributing to a cleaner, more sustainable future.

AN UNMISSABLE OPPORTUNITY FOR INDUSTRY LEADERS

Sponsoring ACee-GISEL 2025 is more than just visibility—it’s a chance to position your company at the heart of scientific and technological advancement. Join us in Padua to connect with the brightest minds in the field, drive innovation, and help shape the future of energy.

We look forward to welcoming you to this landmark event in July 2025.
